

Second test of English

Text :

It's ok to eat fast food occasionally but it is high in calories, so if you often eat a hamburger and chips you can easily become obese, you must eat home made food because it is healthier.

Every one knows that fast food is cheap and quick. However it is not as tasty as home made food. Young people prefer to eat pizza hamburgers fries but they should eat soup instead. Is it surprising that 14% of teenagers are obese ?

Obesity can lead to other diseases such as diabetes and heart strokes that's why we should stop serving fast food in schools cafeterias and restaurants.
